

AMENDED IN ASSEMBLY MARCH 18, 2010

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 2114

Introduced by Assembly Member ~~Galgiani~~ Beall

February 18, 2010

~~An act to amend Section 1784 of the Welfare and Institutions Code, relating to youths. An act to amend Sections 9100 and 9400 of, and to add Section 9009 to, the Welfare and Institutions Code, relating to aging.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 2114, as amended, ~~Galgiani~~ Beall. ~~Youths. Aging: Elder Economic Security Standard Index.~~

Existing law, the Mello-Granlund Older Californians Act, creates the California Department of Aging, with prescribed duties, including the development of the state plan on aging.

This bill would require, if specified conditions are met, the department to report data from the Elder Economic Security Standard Index (Elder Index), as defined, for each service area included in the state plan.

Existing law establishes area agencies on aging with specified duties, including creation of a plan for the agencies, planning and service area that considers available data and population trends, assesses the need for services, identifies sources of funding for services, and develops and implements a plan for the delivery of services based on the need.

This bill would also require, if specified conditions are met, that the plan utilize the Elder Index, specify the cost of meeting basic needs for elders in each planning and service area, and identify which elders are living at or below the Elder Index.

Existing law, the federal Older Americans Act, provides for various programs including the Senior Community Service Employment Program (SCSEP), an employment and training program for employed, low-income seniors. This program is locally administered by area agencies on aging.

This bill would require, if specified conditions are met, that the area agencies on aging use the Elder Index to track state-administered SCSEP participants progress toward economic sustainability.

~~Existing law states the findings and declarations of the Legislature that the mobilization of community resources to help in providing youthful offenders with services which relate to the root causes of delinquency is vital and that juvenile justice community resource programs should be encouraged and supported.~~

~~This bill would make technical, nonsubstantive changes to that provision.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~-yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. This act shall be known, and may be cited, as the
- 2 Elder Economic Dignity Act of 2010.
- 3 SEC. 2. Section 9009 is added to the Welfare and Institutions
- 4 Code, to read:
- 5 9009. “Elder Economic Security Standard Index” means an
- 6 index that quantifies the costs that elders face in meeting their
- 7 basic needs, including, but not limited to, food, shelter, health
- 8 care, transportation, utilities, and essential household items, in
- 9 the private market. It is derived by applying the existing publicly
- 10 available methodology, developed by Wider Opportunities for
- 11 Women and the Gerontology Institute at the University of
- 12 Massachusetts, Boston, to publicly available data sources on the
- 13 costs to live in each county of the state.
- 14 SEC. 3. Section 9100 of the Welfare and Institutions Code is
- 15 amended to read:
- 16 9100. (a) There is in the Health and Welfare Agency the
- 17 California Department of Aging.
- 18 (b) The department’s mission shall be to provide leadership to
- 19 the area agencies on aging in developing systems of home- and

1 community-based services that maintain individuals in their own
2 homes or least restrictive homelike environments.

3 (c) (1) In fulfilling its mission, the department shall develop
4 minimum standards for service delivery to ensure that its programs
5 meet consumer needs, operate in a cost-effective manner, and
6 preserve the independence and dignity of aging Californians. In
7 accomplishing its mission, the department shall consider available
8 data and population trends in developing programs and policies,
9 collaborate with area agencies on aging, the commission, and other
10 state and local agencies, and consider the views of advocates,
11 consumers and their families, and service providers.

12 (2) *The department shall also report the Elder Economic*
13 *Security Standard Index data for each service area in its state*
14 *plan. The requirements of this paragraph shall only be implemented*
15 *if the Elder Economic Security Standard Index is updated and*
16 *made available to the department.*

17 (d) The minimum standards for its programs shall ensure that
18 the system meets all of the following requirements:

19 (1) Have the flexibility to respond to the needs of individuals,
20 their families and caregivers.

21 (2) Provide for consumer choice and self-determination.

22 (3) Enable consumers to be involved in designing and
23 monitoring the system.

24 (4) Be equally accessible to diverse populations regardless of
25 income, consistent with existing state and federal law.

26 (5) Have consistent statewide policy, with local control and
27 implementation.

28 (6) Include preventive services and ~~home home- and community~~
29 ~~based~~ *community-based* support.

30 (7) Have cost containment and fiscal incentives consistent with
31 the delivery of appropriate services at the appropriate level.

32 *SEC. 4. Section 9400 of the Welfare and Institutions Code is*
33 *amended to read:*

34 9400. (a) The Legislature hereby declares and recognizes the
35 area agencies on aging to be the local units on aging in California
36 that are supported from an array of sources, including federal
37 funding largely through the federal Older Americans Act (42
38 U.S.C. Sec. 3001, et seq.), state and local government assistance,
39 the private sector, and individual contributions for services.

1 (b) Area agencies on aging shall operate in compliance with the
2 Older Americans Act and applicable regulations.

3 (c) Each area agency on aging shall maintain a professional
4 staff that is supplemented by volunteers, governed by a board of
5 directors or elected officials, and whose activities are reviewed by
6 an advisory council consisting primarily of older individuals from
7 the community.

8 (d) (1) Each area agency on aging shall create a plan that
9 considers available data and population trends, assesses the needs
10 for services provided under this division reflective of the
11 community needs, identifies sources for funding those services,
12 and develops and implements a plan for delivery of those services
13 based on those needs. Each plan shall include developing area
14 home- and community-based systems of care that maintain
15 individuals in their own homes or least restrictive environment,
16 providing better access to these services through information and
17 referral, outreach, and transportation, and advocating for the elderly
18 on local, state, and national levels.

19 (2) *Each plan shall use the Elder Economic Security Standard*
20 *Index, specify the costs of meeting basic needs for elders in each*
21 *planning and service area, and identify which elders are living at*
22 *or below the Elder Economic Security Standard Index. The*
23 *requirements of this paragraph shall be implemented only if the*
24 *Elder Economic Security Standard Index is updated and made*
25 *available to the area agencies on aging.*

26 (e) Area agencies on aging shall function as the community link
27 at the local level for development of home- and community-based
28 services provided under the department's programs.

29 (f) The area agencies on aging shall implement subdivision (b)
30 of Section 9100 at the local level, with particular emphasis on
31 coordinating with the local systems to enable individuals to live
32 out their lives with maximum independence and dignity in their
33 own homes and communities through the development of
34 comprehensive and coordinated systems of home- and
35 community-based care. Nothing in this division shall preclude
36 local determination and designation of service coordinators other
37 than area agencies on aging, for development and implementation
38 of the long-term care integration pilot projects set forth in Article
39 4.05 (commencing with Section 14139.05) of Chapter 7 of Part 3
40 of Division 9.

(g) In fulfilling their mission, area agencies on aging shall build upon the resources and the commitment unique to each community and shall be guided by a 10-point description of a community-based system that shall do all of the following:

(1) Have a visible focal point of contact where anyone can go or call for help, information, or referral on any aging issue.

(2) Provide a range of service options.

(3) Ensure that these options are readily accessible to all older individuals, whether independent, semi-independent, or totally dependent, no matter what their income.

(4) Include a commitment of public, private, and voluntary resources committed to supporting the system.

(5) Involve collaborative decisionmaking among public, private, voluntary, religious, and fraternal organizations, as well as older individuals and consumers in the community.

(6) Offer special help or targeted resources for the most vulnerable older individuals, those in danger of losing their independence.

(7) Provide effective referral from agency to agency to ensure that information or assistance is received, no matter how or where contact is made in the community.

(8) Evidence sufficient flexibility to respond with appropriate individualized assistance, especially for the vulnerable older individuals.

(9) Have a unique character that is tailored to the specific nature of the community.

(10) Be directed by leaders in the community who have the respect, capacity, and authority necessary to convene all interested persons to assess needs, design solutions, track overall success, stimulate change, and plan community responses for the present and for the future.

(h) The area agencies on aging shall use the Elder Economic Security Standard Index to track the progress of participants in the state-administered Senior and Community Service Employment Program. The requirements of this subdivision shall only be implemented if the Elder Economic Security Standard Index is updated and made available to the area agencies on aging.

SEC. 5. Nothing in this act shall be construed to mandate changes in the current funding allocations to area agencies on aging made pursuant to subparagraph (A) of paragraph (2) of

1 *subdivision (b) of Section 9112 of the Welfare and Institutions*
2 *Code.*

3 *SEC. 6. Nothing in this act shall be construed, based on the*
4 *use of the Elder Economic Security Standard Index, to affect*
5 *means-tested programs administered through the Mello-Granlund*
6 *Older Californians Act.*

7 ~~SECTION 1. Section 1784 of the Welfare and Institutions Code~~
8 ~~is amended to read:~~

9 ~~1784. The Legislature finds and declares all of the following:~~

10 ~~(a) That the mobilization of community resources to aid in~~
11 ~~providing youthful offenders with necessary educational,~~
12 ~~psychological, medical, and other services which relate to root~~
13 ~~causes of delinquency is vital.~~

14 ~~(b) That due to increased and heavy caseloads, probation officers~~
15 ~~cannot be expected to assume the full burden of providing~~
16 ~~necessary services to youthful offenders.~~

17 ~~(c) That addressing the root causes of delinquent behavior in a~~
18 ~~cost-effective manner yields tremendous societal benefits in the~~
19 ~~prevention of future criminality and the integration of the offender~~
20 ~~into productive society.~~

21 ~~(d) That by encouraging community participation, programs~~
22 ~~such as the Juvenile Justice Connection Project in Los Angeles~~
23 ~~County have achieved great success in providing services to young~~
24 ~~people at a substantial savings to the taxpayer.~~

25 ~~(e) That efforts to implement similar projects throughout the~~
26 ~~state should be encouraged and supported.~~
